Small Business Impact Statement

EFFECTIVE DATE OF REGULATION:
Upon filing with the Nevada Secretary of State
Proposed Regulation R119-23

1. Background

The Commission on Construction Education (CCE) proposes amendments to the Administrative Code to define types of entities that can apply for grants.

2. Description of Solicitation:

The CCE has determined that the proposed regulation changes should not have an adverse financial impact upon a small business; therefore, a solicitation process was not entered into. The proposed regulation changes are not expected to negatively impact the formation, operation, or expansion of a small business in Nevada.

3. Does the proposed regulation impose a direct and significant economic burden upon a small business or directly restrict the formation, operation or expansion of a small business?

Pursuant to NRS 233B.0608, the CCE made a concerted effort to determine whether the proposed regulation was likely to: 1) impose a direct and significant economic burden upon a small business, or 2) directly restrict the formation, operation, or expansion of a small business. As a result of this effort, the CCE determined that there is no impact upon small business as a result of the proposed regulation.

4. How was that conclusion reached?

No adverse economic effects were identified because the proposed regulation changes do not adversely affect NRS Chapter 624 licensees or those who may seek to become a licensee. These changes should have no impact on small business.

I, Margi Grein, Executive Officer of the Nevada State Contractors Board and on behalf of the Nevada Commission on Construction Education, certify to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small business, and the information contained in this statement above is accurate.
